### The Rendezvous Sports Team Program

The Rendezvous Sports Team Program was initiated this year to create a mutually beneficial relationship between local Langley sports teams and the Rendezvous Pub & Liquor Store. As the spring /summer baseball season has wrapped up, we have had a chance to review and receive feedback from teams we have enrolled in the program. The comments we have received from the teams has been extremely positive, focusing on the savings, convenience and efficiency of the program. Each and every one of the ball teams we worked with this year is looking forward to renewing the relationship next season.

#### **Here is what we offer:**

In our Liquor Store teams are entitled to purchase beer at Government store prices, ice cold and prepared in a roll away cooler on ice at a mutually designated time and date. All it takes is a phone call and it will be awaiting payment and pickup. Bring back the empties and we will clean the cooler and credit the empties towards your next purchase. We supply the cooler , all we ask is you supply the picture so we may create a proper ID for the designated pickup person(and a backup just in case)Other beverages can be set up in the system but we need to predetermine what they would be.

In our Pub teams are welcome to come back for beverages after the game! We will gladly provide your third round of beverages free of

charge and offer a discount on our famous chicken wings! We request in order to represent yourselves as a team, at least seven of your team members attend. We will gladly assist in any fundraisers you would like us to host and should you require bottle draws, the Liquor Store would be glad to help you save on those prizes as well.
